

*A singular and timeless house with an incredible charm, where each room has its own personality, and where the precise and committed cuisine of chef Philippe Mille is expressed in the double starred restaurant Le Parc as well as in the brasserie Le Jardin, always served by a cellar that celebrates Champagne.*

## Gastronomic Restaurant

The elegance and the refinement of French gastronomy in the one place. The majestic setting encapsulates French art de vivre, and the cosy atmosphere is steeped in sophistication and diligence: at “Le Parc” \*\*, every detail comes naturally and soothingly.

A great estate welcoming Champagne Houses and the whole Champagne region, the Domaine Les Crayères combines all the most mythical aspects of wine: soul, heart, body and spirit.

## Brasserie

The decor is unambiguously modern, combining steel, stones and bricks into a tribute to Reims’ architectural and industrial heritage. The Brasserie “Le Jardin” is all about emotional recreation for Philippe Mille.

The family atmosphere where the Chef plays with his childhood memories in order to satisfy the experts and good food amateurs: slow-cooked dishes, cosy atmosphere and the authentic taste of fresh products, accompanied by the finest selection of wine: in glass or in a bottle.

## Hotel

Domaine Les Crayères – a Relais & Châteaux association member and the Gardinier family’s property – has been repeatedly awarded by international press. Twenty rooms and suites are decorated with taste and refinement of French classicism.

The estate, previously the Polignac’s family’s house , has been likened to a treasure chest, and has been a tribute to comfort and class, since 1904. Interior architect Pierre-Yves Rochon has entirely restored it, reproduced and modernised its distinctive “Château” class from every perspective, and steeped it in sophisticated, delicate and subtly spirit.

## THE CHEF

Meilleur Ouvrier de France & Two-Michelin starred, Philippe Mille, elaborates the gourmet menu of “Le Parc” \*\* accompanied by a Food and Beverage Director, Baptiste Collignon, a pastry Chef and two Head Sommelier, that provide their wine expertise.

His menu takes its source directly from the seasons and the Champagne region, delivering incredible flavors while emphasizing the immense diversity the region offers. His first book “Le Goût à l’État Brut” is a sort of a travel diary, highlighting his precious producers.

## LA ROTONDE

### Bar

Domaine’s winter garden and its distinctive British “style” have a knack for sparking memorable moments.

In the daytime, with views over the park, the Bar alone provide an exquisite backdrop. At night, under the stars shimmering in a flute of champagne, it plays host to velvety jazz and other dazzling concerts to nestle the most celebrated sparkling wine: Domaine also conceals a selection of the finest Vintage champagne (more than 600 references) from the biggest Champagne Houses, winemakers and more than 1000 references of wine.
